

**6-gang 24V**

| Description                 | P.U. | Cat ref.      |
|-----------------------------|------|---------------|
| Heating actuator 6 channels | 1    | <b>TX206H</b> |

TX206H

**Fancoil output**

| Description                             | P.U. | Cat ref.        |
|-----------------------------------------|------|-----------------|
| Fancoil 2 outputs 10A hand status       | 1    | <b>TYF642F</b>  |
| Fan coil actuator, 2-gang, 10 A, NO con | 1    | <b>75312012</b> |

TYF642F

**Heating output**

| Description                              | P.U. | Cat ref.       |
|------------------------------------------|------|----------------|
| KNX Heating output 6 gang triac 24 /230V | 1    | <b>TYF656T</b> |

TYF656T

**Valve actuator**

| Description                             | P.U. | Cat ref.       |
|-----------------------------------------|------|----------------|
| Valve actuator KNX + 2 reserve inputs   | 1    | <b>TX501</b>   |
| Valve actuator with temperature control | 1    | <b>TX502</b>   |
| KNX/EIB-DALI GATEWAY                    | 1    | <b>TYA670D</b> |
| Output module 10x 4A /230V~, KNX        | 1    | <b>TYA610A</b> |

TX501
