

## Big support for TG053 weather station

TG353

### Architecture

Fixing mode Wall mounting

### Controls and indicators

- with programming button

### Voltage

Operating voltage over bus 21 32 V DC

### Materials

- powder-coated

### Dimensions

Dimensions (LLxwwxhh) 40x16x6,5

### LED control

- with red programming LED

### Installation, mounting

- for wall and mast assembly

### Connection

- with integral bus coupling unit  
- with plug-in terminals for power supply  
- bus connection via connecting terminal

### Scope of delivery

- with stainless steel screws for fastening

---

**Equipment**

---

- with heater element for winter operation
  - with an adjustable joint
- 

**Use**

---

- with integral bus coupling unit
- 

**Safety**

---

Protection index IP	IP44
---------------------	------

---

**Use conditions**

---

Operating temperature	-30 50 °C
-----------------------	-----------

---

**Identification**

---

Main design line	KNX
------------------	-----

---

**Instructions**

---

- Ensure correct orientation and free-standing installation.
-
