(Picture shows 85245231)

### Functions

- ETS additional functions: +6 scenes, operating mode, status display, 2 x alarm
- Party function, no execution of automatic, radio and extension unit commands (lock-out protection)
- Configurable transmission and/or reception behaviour
- Memory function for automatic execution of learned up and down times with position
- reset function (to factory setting)
- easy additional functions: +6 scenes, 1 up/down operating mode
- slat position storable for scene
- scene opening via KNX radio appliances
- quicklink functions: blind, 2 scenes, memory, forced control, up/down push-button

### Controls and indicators

- activation of the party function using buttons in up and down direction > 20 sec.
- with configuration and function button

### Connectivity

Radio protocol	KNX Radio
----------------	-----------

### Frequency

Radio transmission/reception frequency	868,3 MHz
--	-----------

### Power

Radio transmission power	< 10 mW
- low intrinsic energy requirement	

### Measurement

Relative humidity (without condensation)	0 65 % (without condensation)
--	-------------------------------

### Detection

- sun protection and twilight-controlled lowering with radio brightness sensor

#### Materials

RAL colour	RAL 9005 - Jet black
Colour of design line	black
Material	thermoplastic
Surface appearance	glossy

#### LED control

- with status LED for memory and party function, red/orange
- with configuration and function LEDs
- with indicator LED for lock-out protection
- LED application module/insert compatibility display

#### Connection

- integration in the KNX radio/TP gateway, surface-mounted, into the KNX TP system

#### Settings

- toolless quicklink configuration using buttons and LED display

#### Equipment

Number of radio channels	1
Number of quicklink links	max. 20 transmitter/receiver

#### Safety

- with dismantling protection

#### Use conditions

Operating temperature	-5 45 °C
-----------------------	----------

#### Identification

Application, usage	Blind control, KNX radio- operating systems
Main design line	Berker R.1/R.3/Serie 1930/R.classic
Secondary design line(s)	Berker.Net, Electronics platform, Berker R.1, Berker R.3, Series R. classic, Serie 1930
